

Adding Your Hamilton-Franklin Realty Email Address to Outlook.

Your company email address can be used to send and receive correspondence from clients or leads. Although all Hamilton-Franklin Realty Company email addresses are initially set up to forward to your "primary" email address, the appearance of a company email address normally is more professional. Setup is easy and we can un-forward the emails if you wish to utilize this. Remember your company email address is firstname@hamiltonfranklinrealty.com.

Example: "Paul@HamiltonFranklinRealty.com"

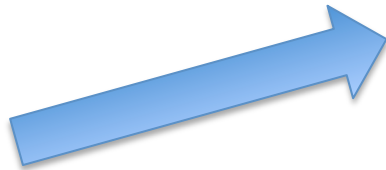

There are a couple exceptions to this if you share a name with another agent however if that is the case, it is firstnamefirstinitial@hamiltonfranklinrealty.com

Example: PaulF@HamiltonFranklinRealty.com

All Initial Passwords Are "Hamilton84"

You can change your password, forward this email to another account or setup an auto responder by logging into <http://login.BlueHost.com/>

**FirstName@HamiltonFranklinRealty.com
Password: "Hamilton84"**
